

EAST RENFREWSHIRE COUNCILAUDIT & SCRUTINY COMMITTEE14 August 2025Report by Head of Finance (Chief Financial Officer)ANNUAL TREASURY MANAGEMENT REPORT FOR 2024/25**PURPOSE OF REPORT**

1. To advise the Audit & Scrutiny Committee on the Treasury Management activities for the period ending 31 March 2025.

RECOMMENDATION

2. It is recommended that the Committee:
 - note the Annual Treasury Management Report for 2024/25; and
 - recommend to Council that the attached organisations for investment of surplus funds be approved.

BACKGROUND

3. In line with the CIPFA Code of Practice on Treasury Management, the Audit & Scrutiny Committee is responsible for ensuring effective inspection of treasury management activities and this report is submitted in accordance with this requirement.

SUMMARY

4. Overall, the report demonstrates a well-managed treasury function within the Council. The average interest rate on long-term borrowing has reduced slightly from that reported in March, due to the revision of debt resulting from the introduction of the new financial reporting standard. The Council continues to adopt a prudent approach to treasury management and, in particular, highlights that 5.85% of loans held as at 31 March 2025 had variable interest rates, which is well below the Council's approved upper limit of 15%. The resulting stability in borrowing assists the Council in responding to the current national economic pressures.

RECOMMENDATION

5. It is recommended that the Committee:
 - note the Annual Treasury Management Report for 2024/25; and
 - recommend to Council that the attached organisations for investment of surplus funds be approved.

INTERIM TREASURY MANAGEMENT REPORT QUARTER 4 2024/25

Table 1

1. Actual External Debt

	Borrowing 01/04/24 £M	Average Interest %	Borrowing 31/03/25 £M	Average Interest %	Change in Yr £M
<u>Long Term Borrowing</u>					
Public Works Loan Board	112.49	3.29	137.48	3.54	24.99
Local Authority Bonds	14.40	4.60	14.40	4.60	0.00
PFI / PPP Finance Leases	68.13	7.17	92.26	7.17	24.13
IFRS16 Asset Leases	-		1.83	5.12	1.83
Total Long Term	195.02	4.74	245.97	4.98	50.95

Net Short Term Investments/Borrowing

Temporary Investments/Borrowing	(25.74)	5.28	(35.79)	5.38	(10.05)
---------------------------------	----------------	-------------	----------------	-------------	----------------

NOTES

- (i) For the purposes of this report, long-term borrowing means loans taken on a long-term basis. This differs from the Annual Accounts, which have to categorise long-term loans with less than a year until repayment as short-term loans. Loans above totalling £0.003 million come into this category.
- (ii) The Treasury Strategy approved by the Council on 28 February 2024, ratified external borrowing of £62m from the Public Works Loan Board (PWLb). During the year new borrowing of £25m borrowing was agreed with the PWLB.
- (iii) There has been a slight increase to the average interest rate on long-term borrowing from that reported previously due to the inclusion of assets in-line with the new financial reporting standard and due to new borrowing agreed during the year.
- (iv) The Council's net external borrowing position has increased in total by £40.90 million during the quarter mainly due to the inclusion of the new financial reporting standard and new borrowing agreed during the year, in addition to both the revenue and capital cash flows.
- (v) The Council's activity in the temporary investments market is shown, along with the corresponding interest rate movements, in Appendices 2 – 5. As part of a risk managed process designed to protect the principal of the sums invested, the maximum period of investment was restricted to 6 months.
- (vi) As at 31 March 2025, the Council had 5.85% of its total debt outstanding in variable rate loans. For the Council to gain a high level of stability in overall borrowing costs, the Council's Treasury Policy Statement requires the exposure to variable rate loans to be less than 15% of the total debt outstanding.
- (vii) Appendix 6 shows the Bank of England MPC base rate covering the period April 2022 to the date of this report.

2. PWLB

The primary source of medium/long term borrowing is from the UK Government through the PWLB. The PWLB provides loans to local authorities at rates, which are in general more attractive than loans available from other sources.

3. DEBT MATURITY PROFILE

The Council's debt maturity profile at 31 March 2025 is shown both below and in graph format at Appendix 7.

It is a requirement of the Council's Treasury Policy Statement that the maximum amount of long-term debt maturing in any one year should be no more than 15% of the Council's long-term debt outstanding, at the time of borrowing.

The Council's Debt Maturity Profile as at 31 March 2025 was within the agreed limits.

Long Term Debt Maturity Profile as at 31 March 2025

	PWLB	Local Authority Bond	Total	
	£M	£M	£M	%
25/26	0.00	0.00	0.00	0.00
26/27	5.01	0.00	5.01	3.30
27/28	2.01	0.00	2.01	1.32
28/29	10.00	0.00	10.00	6.58
29/30	15.00	0.00	15.00	9.88
30/31	0.00	0.00	0.00	0.00
31/32	0.00	0.00	0.00	0.00
32/33	0.00	0.00	0.00	0.00
33/34	0.00	0.00	0.00	0.00
After 2034/35	105.46	14.40	119.86	78.92
Total	137.48	14.40	151.88	100.00

4. PRUDENTIAL INDICATORS

In line with the agreed monitoring arrangements for the Prudential Indicators, a table showing all the prudential indicators comparing the latest approved indicator to the actual for 2024/25 is set out below.

As explained in February 2024 when the Treasury Management Strategy was presented to this committee, a new financial reporting standard was implemented during the current financial year and all assets that are leased, rented or hired and were previously off balance sheet, now have to be included. While the indicators below include the impact of this accounting change, the figures are subject to the audit confirmation. Any audit adjustments will be reflected in future reports.

Prudential Indicator	Revised Approved indicator £'000s	Actual @ 31/03/25 £'000s
Capital Expenditure:	111,950	100,281
Comment	<p>Movement from Approved Indicator is due to the revised planning of capital projects within both the Housing and General Fund Capital Programmes, moving capital spend from the current to the following financial year.</p> <p>This indicator includes the expenditure amendments resulting from the introduction of the new financial reporting standard (IFRS 16). The actual amendment was £34,887k.</p>	
Capital Financing Requirement (CFR):	322,242	307,383
Comment	<p>Movement from Approved Indicator is due to the revised planning of capital projects within both the Housing and General Fund Capital Programmes, moving capital spend from the current to the following financial year.</p> <p>This indicator includes the impact of the new financial reporting standard (IFRS 16).</p>	
Operational Boundary for External Debt:	330,811	306,644
Comment	<p>Movement from Approved Indicator reflects the Council's continued use of internal borrowing from reserves and other balances.</p>	
Authorised Limit For External Debt:	364,609	306,644
Comment	<p>Movement from Approved Indicator reflects the Council's continued use of internal borrowing from reserves and other balances.</p>	

Gross Debt:	268,813	246,711
Comment	This indicator includes the impact of the new financial reporting standard (IFRS 16).	
Gross Debt to CFR (Under) / Over	(53,429)	(60,672)
Comment	Movement from Approved Indicator is as a result of a reduction in net capital expenditure in the current year.	
Financing to Net Revenue Stream Non – HRA HRA:	8.0% 35.0%	8.0% 34.5%
Comment	Movement from the Approved Indicator reflects an improved income stream for the Housing Revenue Account.	
HRA - Ratio of Debt to Revenue	325.0%	318.5%
Comment	Movement from Approved Indicator relates to marginal movements within the Housing Capital Programme, moving capital spend from the current to the following financial year along with changes to the repayment of loans fund principal as a result of moving from an Equal Instalment of Principal to an Annuity repayment method, as approved by Council.	
HRA – Debt Per Dwelling £	16,050	15,986
Comment	Movement from Approved Indicator relates to marginal movements within the Housing Capital Programme, moving capital spend from the current to the following financial year.	
Code of Practice For Treasury Management	<p>The Council has adopted the CIPFA Treasury Management in the Public Services: Code of Practice and Cross-Sectoral Guidance Notes.</p> <p>All of the approved activities within the Council Treasury Management Policy Statement have been complied with.</p>	

The movement between the Capital Financing Requirement and the Gross Debt represents the amount of internal borrowing. This means that the capital borrowing need (the Capital Financing Requirement), has not been fully funded by external loan debt as the cash supporting the Council's reserves, balances and cash flow has been used as a temporary measure. This strategy remains both prudent and cost effective.

	Approved Indicator £'000s	Actual @ 31/03/25 £'000s
Capital Financing Requirement	£322,242	£307,383
Gross Debt	£268,813	£246,711
Internal Borrowing Required	£53,429	£60,672

5. DEBT PERFORMANCE INDICATOR

The Treasury Strategy sets out the following debt performance indicator:

- i) Average "pool rate" compared to Scottish average:
This information is not currently available but will be included in subsequent reports.

6. LIABILITY BENCHMARK

The Council is required to estimate and measure the Liability Benchmark (LB) for the forthcoming financial year and the following two financial years, as a minimum. It is a projection of the amount of loan debt outstanding that the Council needs to fund its existing debt liabilities, planned prudential borrowing and other cashflows.

There are four components to the LB: -

1. **Existing loan debt outstanding:** the Authority's existing loans that are still outstanding in future years.
2. **Loans CFR:** this is calculated in accordance with the loans CFR definition in the Prudential Code and projected into the future based on approved prudential borrowing and planned Loans Fund principal repayments.
3. **Net loans requirement:** this shows the Authority's gross loan debt less treasury management investments at the last financial year-end, projected into the future and based on its approved prudential borrowing, planned Loans Fund principal repayments and any other major cash flows forecast.
4. **Liability benchmark** (or gross loans requirement): this equals net loans requirement plus short-term liquidity allowance.

7. APPROVED ORGANISATIONS FOR INVESTMENT

In line with normal practice, the status of all Banks and Building Societies has been reviewed in order to amend the current list of approved organisations for investment (see Appendix 8). No changes have been made since that last reported on 27 March 2025. All lending is in line with the permitted methods of investment, which were approved by Council on 26 February 2025 as part of the Treasury Management Strategy report.

In line with prudent financial management, investments have been restricted to UK organisations with high credit ratings. Also, the maximum period for any investment is currently set at 6 months, based on the MUFG Corporate Markets suggested Duration Matrix. This investment period can only be exceeded with the written permission of the Head of Finance (Chief Financial Officer). These measures have been taken as part of a risk managed process designed to protect the principal of the sums invested.

Credit ratings of organisations on the counter-party list are subject to continuous monitoring and review to ensure that, subject to available professional advice, approved organisations remain sound for investment purposes.

8. TREASURY MANAGEMENT RISK

Within the Operational Risk Register for Accountancy Services there is a risk listed that highlights the difficulty in obtaining sufficient institutions, that meet the Council's criteria, to invest surplus funds with. To minimise this risk, the Council has six Money Market Funds which provide highly diversified investments.

Long Term Debt Maturity Profile as at 31/03/2025

EAST RENFREWSHIRE COUNCIL
ORGANISATIONS APPROVED FOR THE INVESTMENT OF SURPLUS FUNDS
Limits

Banking Group	Individual Counterparty	Deposit	Transaction
Bank of England	Debt Management Office UK Treasury Bills	£30m £5m	£10m £5m
