

# **Citizens' Panel Feedback**

April 2020

# Dear Panel Member...

Thank you for the continuing strong response to our Citizens' Panel surveys. The panel allows us to hear your views and gauge what your local priorities are — this helps us continue to improve services to meet the needs of our community.

This feedback provides a summary of findings from the panel survey carried out in autumn 2019 and the work being taken forward in response to your feedback, with a particular focus on future council investment.
